Fund IV - Q2 2026 Investor Letter

Halvoran Ridge Capital Partners IV, L.P. | Quarter ended 30 June 2026

Dear Limited Partners,

We are pleased to share the quarterly update for Halvoran Ridge Capital Partners IV, L.P. for the quarter ended 30 June 2026. Rate cuts by major central banks during Q2 2026 improved exit conditions. M&A; volumes in our target segment rose roughly 20% year on year.

Fund performance

Metric	Q2 2026
Net IRR (since inception)	13.4%
Net TVPI	1.31x
DPI	0.18x
Capital called (% of commitments)	68%
Net asset value ($m)	5,310
Distributions this quarter ($m)	520

Portfolio highlights

- Closed the investment in **Meridale Diagnostics** ($310 million of equity for a 62% stake).
- Sold the Canadian field-services division of **Corvane Grid Services** to a strategic buyer for $520 million, a 2.6x gross multiple on attributed cost.
- **Pellucid Systems** grew annual recurring revenue (ARR) 31% year on year to $164 million, with net revenue retention of 118%.

Portfolio summary

Company	Sector	Region	Invested ($m)	Status
Tessaline Health	Healthcare Services	US	620	Active
Corvane Grid Services	Energy Transition & Infra	US / Canada	540	Partially realised
Pellucid Systems	Vertical Software	US	480	Active
Ostrava Packaging	Industrial Services	Europe	295	Active
Meridale Diagnostics	Healthcare Services	India	310	Active

ESG update

All portfolio companies reported emissions data for the period. Scope 1 and 2 emissions data are reviewed by an independent third party annually. No material ESG incidents were reported during the quarter.

Outlook

With the investment period roughly half complete, Fund IV is 68% called. We expect to begin fundraising for Fund V in 2027.
