Fund IV - Q3 2026 Investor Letter

Halvoran Ridge Capital Partners IV, L.P. | Quarter ended 30 September 2026

Dear Limited Partners,

We are pleased to share the quarterly update for Halvoran Ridge Capital Partners IV, L.P. for the quarter ended 30 September 2026. Credit markets remained open in Q3 2026 and valuations were broadly flat. We remain cautious on businesses exposed to US healthcare reimbursement changes.

Fund performance

Metric	Q3 2026
Net IRR (since inception)	14.0%
Net TVPI	1.36x
DPI	0.22x
Capital called (% of commitments)	72%
Net asset value ($m)	5,620
Distributions this quarter ($m)	260

Portfolio highlights

- **Tessaline Health** completed a refinancing that reduced its interest cost by 110 basis points and returned $260 million to the fund.
- **Pellucid Systems** launched an AI-assisted prior-authorisation module; 40 pharmacy chains signed up in the first 60 days.
- Wrote down **Ostrava Packaging** by 15% following the loss of a major customer contract. A new CEO was appointed in August 2026.

Portfolio summary

Company	Sector	Region	Invested ($m)	Status
Tessaline Health	Healthcare Services	US	620	Active
Corvane Grid Services	Energy Transition & Infra	US / Canada	540	Partially realised
Pellucid Systems	Vertical Software	US	480	Active
Ostrava Packaging	Industrial Services	Europe	295	Active
Meridale Diagnostics	Healthcare Services	India	310	Active

ESG update

All portfolio companies reported emissions data for the period. Scope 1 and 2 emissions data are reviewed by an independent third party annually. No material ESG incidents were reported during the quarter.

Outlook

Fund IV is 72% called. We expect two more platform investments before the investment period ends.
