Due Diligence Questionnaire - Standard Responses

Halvoran Ridge Capital | Prepared for Fund IV investors | July 2026

This document contains the firm's standard responses to the ILPA Due Diligence Questionnaire, as provided to prospective investors in Fund IV. Responses are current as of 30 June 2026 unless otherwise stated.

Organisation

1.1 Describe the ownership structure of the firm.

The firm is 100% employee-owned. The two co-founders hold 46% combined; the remaining 54% is held by 19 partners. No external party holds an economic interest in the management company.

1.2 Has the firm experienced any senior departures in the last three years?

One partner, the former Head of Europe, retired in 2024 under a planned succession. His responsibilities passed to Tobias Wendling. There were no other senior departures.

1.3 Is the firm, or any employee, subject to litigation or regulatory action?

No. The firm is registered with the US SEC as an investment adviser. Its most recent SEC examination, in 2024, closed with no deficiencies requiring remediation.

Investment process

2.1 Describe the investment decision-making process.

Deals pass through three Investment Committee stages: screening, preliminary approval and final approval. The Committee has five voting members. Equity cheques above $500 million require a unanimous vote.

2.2 How are deals allocated between Fund IV and co-investors?

Fund IV has priority on all deals within its strategy. Co-investment is offered when an equity cheque exceeds 15% of fund commitments. Co-investment is offered to LPs pro rata to commitment size and is typically fee-free with no carried interest.

Risk management and operations

3.1 How does the firm manage cybersecurity risk?

The firm follows the NIST Cybersecurity Framework, conducts annual penetration testing with an external provider and requires multi-factor authentication for all systems. Portfolio companies complete an annual cyber maturity assessment.

3.2 Who is the fund administrator and auditor?

Fund administration is outsourced to an independent third-party administrator. The fund is audited annually by a Big Four accounting firm. Audited financial statements are delivered within 120 days of year end.

3.3 Does the fund use leverage at fund level?

Fund IV uses a subscription credit facility of up to 20% of commitments. Borrowings are repaid within 180 days. Net IRR is reported both with and without the effect of the facility.

ESG

4.1 Is the firm a signatory to any responsible investment initiatives?

FICTIONAL SAMPLE DOCUMENT created for a demo project. Firm, fund, companies and figures are invented.

Yes. The firm has been a signatory to the UN-supported Principles for Responsible Investment (PRI) since 2017, and supports the ILPA ESG Data Convergence Initiative.

4.2 How are ESG risks considered in due diligence?

See the ESG & Responsible Investment Policy. All deals are screened against the exclusion list and receive SASB-based ESG due diligence. Material findings are presented to the Investment Committee.

Reporting

5.1 What reporting do LPs receive and when?

Quarterly reports within 60 days of quarter end (90 days for Q4), including ILPA-template fee and expense reporting. An annual meeting is held each May. Capital call notices are issued with at least 10 business days' notice.

5.2 Do you report fund-level net IRR with and without the credit facility?

Yes. As of 30 June 2026, Fund IV's net IRR was 13.4% with the facility and 12.6% without it.
